FOR
TODAY!**

A wide-angle photograph of a desert landscape. In the foreground, there are rolling, arid hills with sparse, dry vegetation. A light-colored dirt road or path winds through the middle ground, curving towards the right. The background shows more distant, hazy hills under a bright blue sky filled with large, white, fluffy clouds. The overall scene conveys a sense of vastness and isolation.

JESUS comes alongside
in the hardest of times
in our troubles
even we don't know it
when we're at our worst
when we don't understand
then goes through out suffering
in our doubt
in our reading & understanding
but doesn't impose himself
in the normal

JESUS comes alongside

BECAUSE

he saved by going through suffering

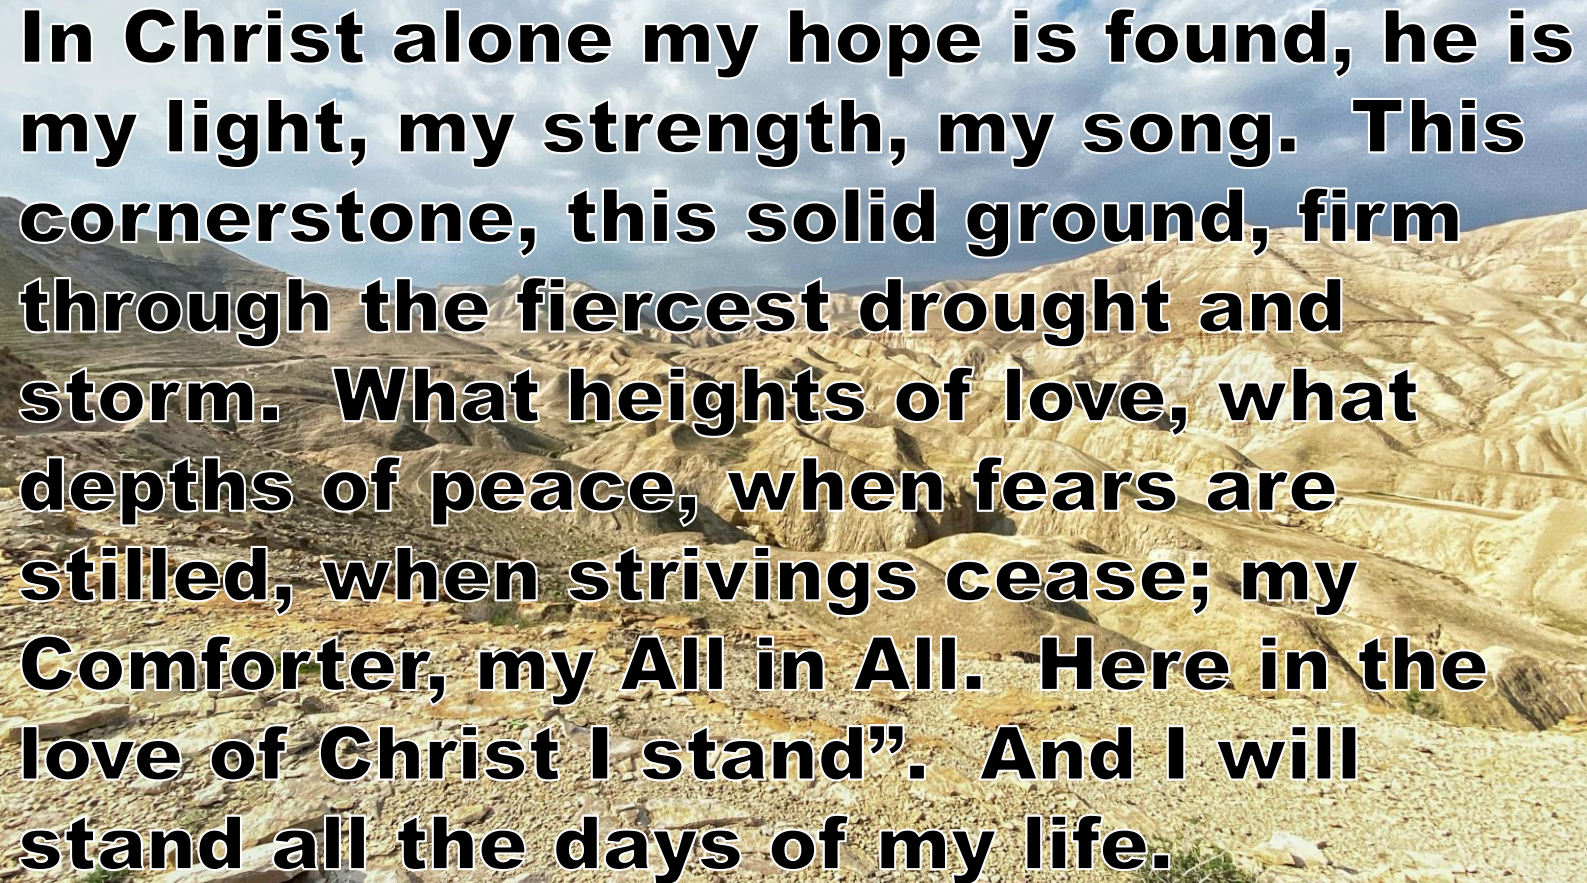

he saved by going through death

he saved by his resurrection

WE ARE WORTH IT!!

The Risen Christ

**journeying in the disappointment
throughout history
the fulfilment of all the prophecies
in the midst of the muck
so much bigger than we can imagine
waiting for the invitation
part of the family
at the dinner table
who changes life, gives a passion a
burning heart**

In Christ alone my hope is found, he is my light, my strength, my song. This cornerstone, this solid ground, firm through the fiercest drought and storm. What heights of love, what depths of peace, when fears are stilled, when strivings cease; my Comforter, my All in All. Here in the love of Christ I stand". And I will stand all the days of my life.

Shall we Pray

Lord the Risen Christ I want to welcome you into my life. Lord I surrender my life to you. I want to thank you the Risen Christ that you died in my place that I might know life. And I want to live differently from this moment on. As I commit or re-commit my life to you Lord, I thank you that there is a party going on in heaven. And we can celebrate here to for those who've come back to you. Lord meet me where I am right now and come reign in me I pray".

Amen.
